

## **Grady Price Blount, Selected Grants**

- Department of Defense, Co-PI (with Sauncy and Urbanzyk) for Electromagnetic and Crystallographic Characterization of Naturally-Occurring Zeolites with an Emphasis on Passive Detection and Shielding of Undersea Vehicles, \$140,985.
- National Science Foundation, Co-PI (with Poppeliers and Satterfield) for High Performance Computing for Undergraduate Geoscience Research, \$51,000.
- 2003-2005, Co-Principal Investigator (with Silliman) for The Cabeza de Vaca Earthmobile, National Science Foundation, \$580,868.
- 2001, ASARCO, Co-Principal Investigator (with Smith et al.) for Implementation of Management Plans for the Up River Road Conservation Easement, \$102,000.
- 2000-03, NASA Institutional Research Award, Co-Principal Investigator (with Steidley et al.) for Building an Interdisciplinary Research Infrastructure in Applied Computer Science, Geographic Information Science, Engineering Technology, and Mathematics, \$1,920,367.
- 2000, NASA Earth Science Enterprise, Principal Investigator for The Translingual Earth System Science Education Center, \$154,580.
- 1999, ASARCO, Principal Investigator for Biodiversity Assay, Land Use Survey and Proposed Management Plan for the Bath/Grant/Kelly Property, \$59,479.1
- 1994-97, NASA Joint Venture (JOVE) Research Program, Principal Investigator for Calibration and Data Analysis for the Deep Space Program Science Experiment (i.e. the Clementine mission), \$110,000.
- 1996, Mexican Petroleum Institute, Co-Investigator (with Jeffress) for A Regional Environmental Assessment of the State of Tabasco from Remote Sensing Data, \$225,000.
- 1995, Office of Naval Research, Co-Principal Investigator (with Price et al.) for Laboratory Instrumentation for Geographic Information Sciences, \$296,109.
- 1995, Eisenhower Foundation, Co-Investigator (with Duran) for Mathematics Integration Laboratory: Project Earth, \$68,000.
